

SPANDAN KAPADIA

Toledo, Ohio | +1 (567) 469-6307 | spandan.kapadia@gmail.com
GitHub | LeetCode | The Collegian | Ferro Equip

EDUCATION

The University of Toledo | Bachelor of Science in Information Technology (Cybersecurity Concentration)

Expected Graduation: 2027 | Semester GPA: 3.9

Relevant Coursework: Database-Driven Websites, Web Development, Programming Fundamentals, Data Structures

TECHNICAL SKILLS

- Languages: Python, JavaScript, SQL, HTML, CSS
- Frameworks/Tools: Node.js, Express.js, Git, Swagger/OpenAPI
- Databases: MySQL, MySQL Workbench, phpMyAdmin
- Technologies: REST APIs, JWT Authentication, Linux, Database Management
- Additional Skills: Troubleshooting, API Testing, Debugging, Backend Development

PROJECTS

Todo REST API | Node.js, Express.js, MySQL

- Developed a RESTful API with JWT authentication and secure user validation.
- Designed scalable backend architecture using Express.js and MySQL.
- Documented API endpoints using Swagger/OpenAPI.
- Implemented CRUD operations and database connectivity for task management.

Database-Driven Web Application | PHP, MySQL

- Built dynamic web pages integrated with relational databases.
- Designed SQL queries and database schemas for efficient data management.
- Tested and debugged application functionality using phpMyAdmin and MySQL Workbench.

WORK EXPERIENCE

Cylsys — Backend Developer Intern | May 2025 – August 2025

- Developed backend API functionality using Node.js and JavaScript.
- Tested and debugged backend services to improve application performance.
- Collaborated with developers to troubleshoot technical issues and optimize workflows.
- Documented API endpoints and backend processes using Swagger/OpenAPI.

LEADERSHIP & INVOLVEMENT

Rocket Motorsports — Team Member | 2025 – Present

- Assisted in developing powertrain components for Formula SAE vehicle projects.
- Supported machining and fabrication processes during vehicle assembly.

The Collegian — Business Manager | 2025 – Present

- Coordinated budgeting, scheduling, and operational planning activities.
- Managed communication and workflow between organization members.

Ferro Equip — Assistant Volunteer | 2016

- Assisted with vehicle modifications to improve mobility accessibility.
- Supported workshop operations and technical installation tasks.
